

Good Afternoon Everyone

I have had complications getting on the bank account, however I have everything I need and an appointment on Tues.

May 5th H&I Chair position was vacated as a result I assumed the H&I duties. The situation surrounding this will be addressed during the sharing session. I can confirm that we have panel leaders for the Juvi, Sharehouse, and Prairie. I dropped off 4 background checks to the Juvi. Service begins with me seemed to have sparked interest so thank you all that planned and participated in that event.

I also want to take this opportunity to concede ground on a statement I made 3 months ago. While gathering ideas to help our GSRs it was suggested maybe I can help by telling them when important things should be written down. I was unwilling to do that as I feel its micro- managing. Although my feelings on this have not change my willingness has. Over the past 4 months I recognize GSR development is as high priority for this committee. That being said I will not be a road block in that effort. If this committee would like me to tell our GSRs when to write something down for the sake of GSR development I can do that.

Thank You all for your service and allowing me to serve as chair of this fabulous and fierce committee.
